EDUCATION

Chaitanya Bharathi Institute of Technology

Electronics and Communication BE

CGPA: 8.8

Hyderabad,India

2023 - 2027

Sri Chaitanya Junior College

Degree in Intermediate (MPC)

Percentage: 95.6%

Hyderabad,India

2021 - 2023

Sri Sai Public School

Degree in ICSE (Class X)

Percentage: 90.5%

Hyderabad,India

2016 - 2021

EXPERIENCE

IEEE College Club | Frontend Developer

Hyderabad, India | June 2024 - June 2025

- Led the frontend development of a dynamic website for a college club using HTML, CSS, and JavaScript.
- Designed and implemented an intuitive and responsive user interface to ensure optimal usability across devices.
- Optimized page layout and structure to improve load times and enhance the overall user experience.
- Regularly updated website content and features to align with club activities and announcements.

Protechs Global | Full Stack Developer

Remote,Online | Jan 2025 - March 2025

- Developed and maintained responsive web applications using MERN stack (MongoDB, Express.js, React, Node.js).
- Optimized website performance, reducing load times.
- Implemented mobile-first design principles to ensure full compatibility across devices and screen sizes.
- Collaborated with UI/UX designers and backend teams to enhance user experience and system scalability.

Review | Backend Developer

Hyderabad, India | May 2025 - June 2025

- Worked on backend development using Node.js and Express to enhance website performance and scalability.
- Implemented optimized API endpoints and reduced server response time by streamlining database queries.
- Developed secure and efficient user authentication and login compatibility across platforms.
- Collaborated with frontend teams to ensure seamless data integration and user experience.

SKILLS

Programming Languages: Python, JavaScript, HTML, CSS

Libraries/Frameworks: Reactjs, ExpressJs, Numpy, Pandas, TailwindCss

Tools / Platforms: Git, GitHub, VS Code, LaTeX (Overleaf)

Databases: SQL, MongoDB

Concepts: MERN Stack, Oops, DBMS, Machine Learning, Data Science, Generative AI(inprogress)

PROJECTS / OPEN-SOURCE

Recipe Sharing Website | Link

TailwindCSS, JavaScript, React.js, Express.js, MongoDB, Node.js

- Built a full-stack web application using MERN stack with Tailwind CSS for responsive UI design.
- Implemented core functionalities like recipe submission, display, editing, and deletion with secure CRUD operations and real-time updates.
- Ensured mobile responsiveness and intuitive navigation across devices using Tailwinds utility-first styling.

Chat Application | Link

HTML, CSS, JavaScript, React.js, Express.js, MongoDB, Node.js, Socket.io

- Developed a real-time chat app using the MERN stack with Socket.IO for live messaging functionality.
- Integrated features such as user authentication, group chat creation, and profile picture upload with secure backend handling.
- Designed an intuitive and responsive UI to support seamless messaging across devices, enhancing user experience.

CERTIFICATIONS

- Full-Stack Web Development - Apna College.
- Programming Using Java - Infosys Spring Board.
- Python - Udemy.
- Cloud Computing - NPTEL.
- Data Science - Udemy.

HONORS & AWARDS

- Technical Member IEEE Club, CBIT
- Won Internal Python Competition as a Runner Up
- Earned 50-day coding streak badges.
